

General Award Conditions of Audi Environmental Foundation GmbH

In advance of a possible award, the foundation develops a detailed project application together with the applicant. This document does not represent a funding commitment but is used for decision-making by the Foundation. The decision to support a project will be communicated to the applicant in a confirmation letter.

Recipients of funding agree to comply with the detailed regulations and specifications described in the project plan. These include at least the following points:

1. The recipient of funding provides proof of the use of funding
 - concerning the progress of the project according to the time schedule and the financial plan
 - at least once per calendar year and at the end of the project
2. The recipient of funding reports to Audi Environmental Foundation GmbH in accordance with the detailed project plan, at least once per calendar year and at the end of the project, about
 - the progress of the project
 - as well as its conclusion
3. The recipient of funding enables Audi Environmental Foundation GmbH access to the locations where the project may be implemented.
The foundation's commitment to the project must be documented within the project. For this purpose, the logo of Audi Environmental Foundation GmbH will be available for the project partner.
4. At the latest at the end of the project the recipient of funding returns unused funds to Audi Environmental Foundation GmbH.

Society pursues exclusively and
directly charitable purposes.

5. Reporting on projects supports the goals of a foundation by involving the public and the related dissemination of the foundation's goals. Therefore, the recipient of funding allows Audi Environmental Foundation GmbH to report on the funded projects. Of significant importance are further agreements between the applicant and Audi Environmental Foundation GmbH as part of the detailed project plan.
